**EXCALIBUR SETS NEW STANDARD FOR COMPACT RECURVE CROSSBOWS WITH MICRO 315**

Kitchener, Ontario, Canada - Excalibur revolutionized the recurve crossbow with the launch of the compact Micro 335, and now we've taken compact to a new level with the ultra-compact Micro 315. At 25 inches wide and 32 inches in length, the Micro 315 is better balanced and maneuverable than the Micro 335 while still packing plenty of power.

"The Micro 315 is the continuing evolution of our Micro series crossbows," said Ryan Hawkins, product marketing manager for Excalibur. "We want to have an option in our product line for hunters who want ease of use and maneuverability without compromising speed and performance, and the Micro 315 gives you both."

**SPECIFICATIONS**

Power Stroke:	10"	Width Uncocked:	25 Inches
Draw weight:	260 lbs.	Weight:	5.2 lbs.
Overall Length:	32.5"	MSRP:	\$849

Everything customers loved about the Micro 335 is right here, with a more compact design and less cocking effort. The Micro 315 boasts an efficiency rating of 79.5 percent, a super-quiet shot and deadly accuracy. The crossbow weighs 5.2 lbs. and has a 10-inch power stroke.

The Micro 315 features the stylish and comfortable Feather-Lite Skeletonized stock with rubber grip inserts for unmatched control, and it comes with an oversized trigger guard for cold-weather hunting.

Additional Excalibur technologies featured on the Micro 315 include the Gen II CRT limb system, compact limbs 60 percent stronger than the most durable limbs on the market today; the Quad-Loc riser, which contains each limb on all four sides for added consistency and accuracy; the Guardian™ Anti-Dry-Fire System, which catches the string if the trigger is pulled without an arrow in place.

Because of its incredibly compact size, the Micro 315 is built for those environments where space is at a premium, like hunting in treestands, ground blinds or tight cover. And like all Excalibur crossbows, the Micro 315 is built to withstand the toughest hunting conditions for decades of flawless service.

The new Micro 315 is your chance to have the most maneuverable recurve crossbow on the market today with the world-famous reliability and accuracy that only Excalibur crossbows can deliver.

Available with a Realtree Xtra® finish, the Micro 315 comes equipped with a host of accessories including a Dead Zone scope, four-arrow quiver, four Quill arrows and a rope-cocking aid. Suggested retail price on the Micro 315 is \$849.
