AT BOWTECH WE DON'T DO ORDINARY, AND WITH THE FUEL WE DON'T DO AVERAGE!

EUGENE, Ore. – BOWTECH Archery, the industry leader in archery innovation, is proving again that “ordinary” is not an option. Introducing the Fuel, an incredibly adjustable bow perfect for archers of all ages, sizes and skill levels.

“We’ve always said that we don’t do ordinary, and our new bow, the Fuel, is anything but average,” said Jeff Suiter of BOWTECH Marketing. “We’ve created a bow that is easily adjustable and features our industry-leading Binary Cam System for the very best in performance. This Fuel will create a burning desire to get in the field this fall and bag a trophy.”

SPECIFICATIONS

Brace Height:	7 Inches	IBO/ATA Speed:	320 fps
Axle to Axle:	31 1/2 Inches	Kinetic Energy:	79.6 ft-lbs.
Draw Length Range:	18-30 Inches	Effective Let-Off:	80%
Draw Weight:	14-70 lbs.	Mass Weight:	3.4 lbs.

The Fuel features a rock-solid riser for supreme durability with BOWTECH’s Binary Cam System for maximum precision and arrow speed. The Fuel bow has a draw length setting adjustable between 18 and 30 inches without changing limbs or using a bow press, and a draw weight range between 15 and 70 lbs. The Fuel weighs just 3.4 lbs. and can fire arrows at speeds up to 320 fps.

The Fuel has a brace height of seven inches and an axle-to-axle length of 31 1/2 inches. The bow is available fully-equipped right out of the box with an Deadlock Lite quiver and 5-inch stabilizer from Octane along with a Hostage Max arrow rest and a TruGlo Tundra sight.

Suggested retail price on the fully-accessorized Fuel is \$499, and available finish options include BlackOps™ and Mossy Oak Infinity™.
