BOWTECH BT-X: REDEFINING SPEED, BALANCE AND STRENGTH

EUGENE, Ore. - Bowtech Archery, the industry leader in innovation, introduces another revolutionary advancement in bow technology, the Bowtech BT-X. The 2016 flagship bow features Bowtech's new Micro Sync Dial, which gives you the ability to precision time cams in 10 micro settings for precise simplified tuning. Combined with Bowtech's PowerShift technology, the BT-X sets a new standard for performance by combining speed, balance, and strength in a ultra-compact, lightweight design.

"With the BT-X, we have engineered the most compact, well-balanced bow ever produced," said Jeff Suiter, product marketing manager for Bowtech. "This bow delivers bone-crushing power and speed along with the ability to fine tune every aspect for the optimal experience."

	28" CAM SPECIFICATIONS	31" CAM SPECIFICATIONS
Draw Length	25.2-28 Inches	27-31 Inches
Speed	333 fps	350 fps
Mass Weight	4.1 lbs.	4.2 lbs.
Axle-to-Axle	31 Inches	31 Inches
Brace Height	6 Inches	6.25 Inches
Draw Weight	50, 60, 70, 80 lbs.	50, 60, 70, 80 lbs.

Bowtech's patent-pending Powershift Technology delivers versatility unmatched by any compound bow on the market today. A simple adjustment of the PowerShift allows the shooter to customize the draw cycle to adapt to their shooting style.

Additional Bowtech technologies featured on the BT-X include a new skeletal riser, which was engineered to remove unwanted weight for optimal balance and reinforced stability, and OverDrive Binary Cams, which deliver incredible symmetry, synchronization and stability for an incredibly smooth draw and unmatched accuracy. Wider cam pockets and a wider bezel platform also deliver increased stability with every draw.

The BT-X weighs just 4.2 pounds and measures 31 inches axle-to-axle. The bow delivers arrow speeds up to 350 fps, all while offering incredible adjustability and the ideal shot for every shooter.

The BT-X is available with one of two cam sets: The X28 cam version accommodates draw lengths between 25.5 inches and 28 inches, and the X31 cam version accommodates draw lengths between 27 inches and 31 inches.

The bow is available in five different finish options: Mossy Oak Break-Up® Country™, Realtree Xtra® Green, Kryptek Highlander™, Kryptek Typhon™ and Black-Ops™. All finish options have solid black limbs. Suggested retail price on the Bowtech BT-X is \$1,099.
