DIAMOND ARCHERY TAKES VERSATILITY TO A NEW LEVEL WITH INFINITE EDGE PRO

EUGENE, Ore. – Diamond Archery’s bestselling series just got better. The incredibly adjustable and versatile Infinite Edge is reborn in 2015 as the Infinite Edge Pro with an extended draw length, redesigned cam system and stabilizer.

“The Infinite Edge was the most adjustable and versatile bow on the market and we made it even better with the launch of the Infinite Edge Pro,” said Jeff Suiter of Diamond Marketing. “The Infinite Edge Pro is without a doubt the superior choice for those seeking a high quality, versatile and feature packed bow.”

The Infinite Edge Pro includes several advancements designed to make the bow even more versatile. The extended draw length out to 31 inches allows for longer draw shooters to use the bow, and the redesigned cam system creates an incredibly smooth draw cycle and a solid back wall. To top it off, Diamond added a stabilizer for perfect balance, making the Infinite Edge Pro ready for anything.

SPECIFICATIONS

Brace Height:	7 Inches	IBO/ATA Speed:	310 fps
Axle to Axle:	31.5 Inches	Kinetic Energy:	74.7 ft-lbs.
Draw Length Range:	13 - 31 Inches	Effective Let-Off:	80%
Draw Weight:	5 - 70 lbs.	Mass Weight:	3.2 lbs.

The bow measures 31.5 inches from axle-to-axle and has a seven-inch brace height. With a total weight of just 3.2 pounds, the bow adjusts from 13-31 inches in draw length and from five to 70 pounds in draw weight. The Infinite Edge Pro fires arrows at speeds up to 310 fps.

The Infinite Edge pro comes standard in Mossy Oak® Break-Up Country™, Pink Blaze and Black. Ready to shoot right out of the box with the Boondocks Package, the bow comes equipped with a 3-pin Tundra sight, Hostage XL arrow rest, Octane Deadlock Lite quiver, 5-inch Octane stabilizer, peep sight, string loop and wrist sling. Suggested retail price for the Infinite Edge Pro is \$399.
