

2016 FUNDRAISING PURCHASE APPLICATION

Supporting organizations such as yours is the key to the continued success of archery and bowhunting in America. Bowtech would like to help you reach your goals. Due to the sheer number of requests that we receive on a daily basis, we have developed a fund raising purchase approval process. Donation requests will only be accepted **via email or physical mail**, no faxes or phone calls. This program is specifically designed to give your organization the opportunity to purchase our products at a substantial discount for the purpose of raising funds through methods such as auctions and raffles. Products may not be offered for resale or sold on the Internet. Bows will be shipped UPS Ground at a rate of \$15.

Please fill out the Fundraising Purchase Program form below and submit to the marketing department for review at the address below or email to Fundraising@Bowtecharchery.com. In addition to the form below, please send a letter (printed on your organization letterhead) stating date of event, the purpose of the event, and who benefits from the proceeds, or a printed flyer for your event. Your request will not be approved without these items. We will contact you within five business days after we receive all information submitted. If you do not hear from us within five business days of submitting your application, please follow up to ensure that your application has been received. Note: Please allow a minimum of two weeks to process and ship. We wish you success with your fund raising efforts.
